

Payroll

Fast, easy and accurate payroll that's on time, every time.

FAST AND EFFICIENT

As a business owner, you are passionate about running your business and your customers - not about the hassle of payroll. With the HR Cloud, you can stay focused on your business while quickly and easily managing payrolls.

Your payroll data is automatically integrated with other HR Cloud modules, so you never have to rekey anything from one system to another. And with \$55 billion in annual payroll processed, you can rest easy, knowing the HR Cloud is a tried-and-true payroll solution.

You can quickly review timesheets, process your payrolls, and even see payroll status in real-time.

SAFE AND SECURE

Access to payroll data is granted to individuals in your organization as needed, and you can even control what data, fields and reports each individual can see. So everything is safe, and your team only sees the data they need.

YOUR BRAND IS FRONT AND CENTER

Your payroll can include your logos on checks, so your employees have a consistent experience.
